

MAKE SAFE HAPPEN

OVER 9,000 FAMILIES

LOSE A CHILD EACH YEAR

- Centers for Disease Control 2012 National Action Plan for Child Injury Prevention

Every year, millions of children are injured in and around the home, and tragically, thousands of these children die. It can happen to anyone, anywhere, and in a matter of seconds. But this is a problem with a solution, and preventing childhood accidents isn't something anyone can do alone.

With the nation's leading experts, Nationwide has launched the *Make Safe Happen* program, www.makesafehappen.com, to raise awareness of preventable accidents and educate caregivers with tips and tools to help keep their children safe. And this is just the beginning. Whether through new research, education, or advocacy programs, Nationwide hopes to make a difference in a child's life, and so does Saylor Insurance.
